Table of contents

- Introduction
- 1.1 Motivation and Objectives
- 1.2 Methodology
- 1.3 Structure of the Report
- 1.4 Acknowledgements
- 2 The European Community and Member States in Environmental Policy
- 2.1 Competence of the Member States in Non-Harmonised Area
- 2.2 Competence of the Member States in Harmonised Area
- 2.2.1 Minimum Standards in the Secondary Legislation
- 2.2.2 Article 100a TEC
- 2.2.3 Article 130t TEC
- 3 Approaches to Pollution Control
- 3.1 Standards Along the Pathway of Pollution
- 3.1.1 Biological Standards
- 3.1.2 Exposure Standards
- 3.1.3 Environmental Quality Standards
- 3.1.4 Critical Loads
- 3.1.5 Emission Standards
- 3.1.6 Process or Operating Standards
- 3.1.7 Product Standards
- 3.2 Combination of Standards
- 4 Analysis of the Different Sectors in Germany
- 4.1 Environmental Legislation and Administration in a Federal Structure
- 4.1.1 Division of Competencies for Legislation
- 4.1.2 Administrative Structures
- 4.1.3 Authorities and Public Bodies with Authority for Environmental Protection
- 4.1.4 Legal Sources in Environmental Protection
- 4.2 Water Management
- 4.2.1 The Acquis Communautaire in Water Management
- 4.2.2 Framework Competency in Water Management
- 4.2.3 Stricter Standards in German Water Management
- 4.2.4 Summary of Water Management
- 4.3 Waste Management
- 4.3.1 The Acquis Communautaire in Waste Management
- 4.3.2 Concurrent Competency in the Waste Management
- 4.3.3 Stricter Standards in Waste Management
- 4.3.4 Summary of Waste Management
- 4.4 Air Pollution
- 4.4.1 The Acquis Communautaire in Air Pollution Control Policy
- 4.4.2 Concurrent Competency in German Air Legislation
- 4.4.3 Stricter Standards in German Air Legislation
- 4.4.4 Summary of Air Pollution Control
- 4.5 Stratospheric Ozone and Climate Change
- 4.5.1 The Acquis Communautaire in Stratospheric Ozone and Climate Changes
- 4.5.2 Competency in Relation to Stratospheric Ozone
- 4.5.3 Stricter Standards in Stratospheric Ozone
- 4.5.4 Summary of Stratospheric Ozone Policy
- 4.6 Climate Change
- 4.6.1 The Acquis Communautaire in Climate Change
- 4.6.2 Competency in Relation to Climate Change
- 4.6.3 Stricter Standards in Climate Change
- 4.6.4 Summary on Climate Change
- 5 Environmental Innovation in a "Federal Structure"
- 5.1 Policy Learning in Germany'
- 5.1.1 Water Resource Taxes

- 5.1.2 Hazardous Waste Disposal
- 5.1.3 Conclusions on policy learning in Germany
- 5.2 Policy Learning in the European Union
 - 5.2.1 Large Combustion Plant Directive
 - 5.2.2 The Negotiations in the Council of Ministers
 - 5.2.3 Conclusions on Policy Learning in the European Union
- 5.3 Policy learning in Germany and the European Community
- 6 Conclusions
- 7 List of Tables
- 8 Bibliography
- Annex: Findings of Phase One
