

The Future is Bright, the Future is the European Bioeconomy? – BioSTEP Stakeholder Workshop

Event

[Workshop](#)

Date

14 April 2016

Location

Utrecht, Netherlands

The aim of this workshop is to identify and discuss challenges, opportunities, and policy gaps surrounding the development of bioeconomy strategies across Europe. The outcome of this process will be a list of targeted policy recommendations for the (further) development of balanced and informed bioeconomy strategies at the regional, national and European level.

We invite you to [have a look at the programme](#) and discuss the future of the European bioeconomy with us! The Stakeholder Workshop will take place in the context of the 4th BioEconomy Stakeholder Conference ([BioEconomy Utrecht2016](#)).
