Ecologic Institute (2016). Decarbonisation conference 2016 "Decarbonisation and Resource Efficiency – 100% Renewable Energy and more". Flyer.

Ecologic Institute coordinated the organisation of the Decarbonisation conference 2016 "Decarbonisation and Resource Efficiency – 100% Renewable Energy and more". A programme flyer were developed and designed to provide relevant content on conference context, agenda, and the venue in a concerted way to participants. The design of the brochures and the color scheme were based on the visual style of UBA. Print-outs of the flyer will be done on recycled paper.
