Ecologic Institute (2018): Step-by-step Methodology for Case Studies on the Circular Economy. Infographic

This infographic provides guidelines to policy-makers, interest groups and researchers who want to explore the potential of circular-economy transitions by conducting case studies. It visualizes the step-by-step methodology developed within the CIRCULAR IMPACTS project in an intuitive way. It also highlights the most important aspects to consider when preparing such case studies.

The infographic is licensed under a Creative Commons license CC BY-ND 4.0, i. e. it can be used without any changes if the author is mentioned. The infographic is part of a series of three infographics about the circular-economy in transition in Europe, developed by Ecologic Institute.
