Date

10 October 2019

Location

Berlin, Germany

Speech

[Dr. Ulf Stein](#)

On 10 and 11 October 2019, experts from the Korean Environmental Ministry, Korean Environmental Industry & Technology Institute, Korean Institute of Analytical Science and Technology and the University of Seoul visited the Umweltbundesamt (UBA) and the Bundesanstalt für Materialforschung (BAM) in Berlin. Together with colleagues from BAM, UBA and Ecologic Institute they presented and discussed current developments in research in Germany and Korea on micropollutants and plastic in the environment, especially in water and food. Ulf Stein from Ecologic Institute and deputy coordinator of the four-year project PlastikNet, which is funded by the German Federal Ministry of Education and Research (BMBF) presented on research activities of the research focus 'Plastics in the environment' in Germany.
