On the occasion of our 25th anniversary, Ecologic Institute organised a photo contest among colleagues and friends.

As we are curious what the future will bring, and what visions are out there for a sustainable world, we chose the topic: **Forward looking & Looking forward.**

In two different categories, juniors (under 18 years) and adults were encouraged to pick up their cameras, explore their surroundings and find inspiring, forward-looking motives in their environment.

All in all, we received 54 contributions: 40 for the regular contest, and 14 for the junior contest. The winners were determined by a vote taken by Ecologic Institute staff.

And the winners of the Ecologic Institute 25th Anniversary Photo Contest are!
