Dorociak, MichaÅł, MichaÅł KamiÅłski, Nils Meyer-Ohlendorf 2020: How to Recover from Corona without Choking the Planet. EUobserver: 31 August 2020. Online: <https://euobserver.com/opinion/149266>

The danger of a rebound in greenhouse gas emissions after the coronavirus crisis is looming on the horizon. MichaÅł Dorociak and MichaÅł KamiÅłski of 300Gospodarka, and Nils Meyer-Ohlendorf discuss in an OpEd for the EU Observer how the EU recovery programmes can avoid post-crisis emission increases.
