Citation

Huszár, András; Michal Kaminski and Nils Meyer-Ohlendorf 2021: It's time to put climate targets first. Online: <https://www.euractiv.com/section/climate-environment/opinion/its-time-to-put-climate-targets-first/>, 29 April 2021.

Legally binding reduction targets for Member States should be the unequivocal starting point of making EU laws fit for new EU climate targets. Based on a new distribution formula, national targets should continue until climate neutrality is achieved in 2050, writes Nils Meyer-Ohlendorf in Euractive.
