The Yearbook Ecology 2009 was published at the beginning of September 2008. Ecologic is one of the institutes supporting this yearbook. This year's focus is on the loss of biological diversity.

The Yearbook Ecology:

- Informs about the ecological situation and trends in several sectors of the natural environment,
- Analyses public and international environmental policy,
- offers a discussion on important environmental issues,
- documents historical environmental events and initiatives,
- describes best-practice-examples and drafts visions for a sustainable world,
- is directed to an environmentally conscious public that searches for sustainable ways of interacting with nature,
- is dedicated to a broad understanding of ecology that includes the day-to-day relationship of human beings, nature, society and the environment.
