Citation

Bauler, Tom et al. 2013: Alternative Collective Consumption and Production Niches - Lessons from their emergence, developement and governance, Berlin.

This synthesis report reflects on the four cases of alternative consumption and production niches observed in InContext. From the cross-examination of the empirical material, it distills tentative conclusions on what can be learnt from the emergence and governance patterns of these niches. The case studyÂ [pdf, 750 KB, English] is available for [download](#).
