**Table of Contents**

1. Introduction
2. Background
3. Methodology
4. Impacts of climate change in the Atlantic Basin
  - 4.1. Definition of Atlantic Basin and geophysical description of regions
  - 4.2. Dominant climate change vulnerabilities and sectoral trends across the Atlantic Basin region
    - 4.2.1. Coastal vulnerability from sea level rise and extreme weather events
    - 4.2.2. Agriculture and food security vulnerability
    - 4.2.3. Freshwater quantity and quality
    - 4.2.4. Biodiversity impacts
    - 4.2.4. Health impacts
    - 4.2.5. Forests and forestry
  5. Case studies of bilateral and multilateral cooperation on adaptation in the Atlantic

Basin

5.1. EUROCLIMA

5.2. RIOCC

5.3. Informal bilateral cooperation between Brazil and African countries

5.4. AMMA

5.5. Atlantic projects in the International Research Initiative on Adaptation to Climate Change (IRIACC)

5.6. WASCAL

5.7. Regional Adaptation Strategies for the German Baltic Sea Coast (RADOST)

6. Findings from case studies

7. Conclusions and recommendations

8. References

Annex: Examples of intra-regional, extra-Basin, and UNFCCC climate change adaptation institutions

## Keywords

Frischwasser, Landwirtschaft, Atlantik, Studie
