Policy Assessment

# Implementation of Natura 2000 and the Habitats and Birds Directives

[1]

This project was carried out by Ecologic Institute and UCL Centre for Law and the Environment for the EU's Committee of the Regions (CoR). It informed the CoR's ex-post Territorial Impact Assessment on Natura 2000 and the EU Birds and Habitats Directives in light of the European Commission's Fitness Check of the Directives ('REFIT'). The final report "Implementation of Natura 2000 and the Habitats and Birds Directives" is available for download.
