3rd POLIMP Webinar - EU Climate Policy for 2030: why are we talking about governance?

[1]

Why are we talking about governance and what role can it play in achieving the EU 2030

We are excited to announce the third webinar in our *POLIMP Webinar Series*, which will feature a discussion on the topic: "**EU climate policy for 2030: why are we talking about governance?**" moderated by Ecologic Institute's Head of Climate, [Matthias Duwe](#) [2].

The webinar will take place on **Wednesday, 28 October 2015** from **11:00-12:00 CET** and will feature two main speakers:

- [Jonathan Gaventa](#) [3] - Director, E3G London Office
- [Katharina Umpfenbach](#) [4] - Coordinator Energy, Ecologic Institute

The three will discuss the current state of play regarding proposals for a new EU climate and energy governance framework for 2030, providing viewers with the context needed to better understand the debate. The discussion will reflect on the main issues at stake, debate the potential effectiveness of measures proposed and highlight both opportunities and challenges going forward.
