

## CV

Finance Team

## Steve Brähmig

MSc (Business Administration)  
Controller

Steve Brähmig works as Controller for Ecologic Institute. As a part of the Finance Team, he is responsible for HR controlling, data analysis and reporting. He compiles management information and contributes to the development of management control instruments. Besides German, his native language, he speaks English and has a basic knowledge of French and Spanish.

Steve Brähmig furthermore advises employees, executives and the board on figures-related questions. He elaborates key figures, analyses, comparisons, scenarios and business plans. His fields of activity also include the corporate planning of staff costs. In addition, Steve Brähmig works on the further development of the current data basis, databases, reports and processes. In close collaboration with IT & HR, he works to further improvements in analysis depth.

Before joining Ecologic Institute, Steve Brähmig worked as a business executive and controller for a consultancy firm within the field of education.

Steve Brähmig completed his Master's studies in business administration at the Dresden University of Technology (Germany). He specialized in the fields of controlling and accounting. Before his Master's studies, he lived in Detroit (USA) and worked at Volkswagen Group of America.
