# EU Climate Policy for 2030: Why are We Talking About Governance?

## 3RD POLIMP WEBINAR

[1]

Why are we talking about governance and what role can it play in achieving the EU 2030 energy

The third webinar in our POLIMP Webinar Series took place on 28 October 2015 and featured a discussion on the topic "EU Climate Policy for 2030: why are we talking about governance?" moderated by Matthias Duwe (Head, Climate at Ecologic Institute). The webinar featured two main speakers. The audio recording is available online.

Guest speakers:

- [Jonathan Gaventa \[2\]](#) - Direktor, E3G London Büro
- [Katharina Umpfenbach \[3\]](#) - Coordinator Energy, Ecologic Institute

Moderator:

- [Matthias Duwe \[4\]](#) - Head, Climate, Ecologic Institute

The three discussed the current state of play regarding proposals for a new EU climate and energy governance framework for 2030, providing viewers with the context needed to better understand the debate. The discussion reflected on the main issues at stake, debated the potential effectiveness of measures proposed and highlighted both opportunities and challenges going forward.

For each webinar viewers are asked to send questions and comments via email ([questions@polimp.eu](mailto:questions@polimp.eu) [5]) or twitter (#POLIMPQuestions) before the event, or by using the [Q&A App](#) [6] on the Google Hangout event page during the live event.
