Alexander Deubner

Trainee

Alexander Deubner was a Trainee with the Ecologic Institute in Washington DC. Alexander Deubner primarily worked on the POCACITO in the US project through research support for the organization of the study tours and the management of the website. He also used his cartography skills throughout his work. He is native speaker of French and German, speaks English fluently and has good Arabic language skills.

Alexander Deubner has interned with the International Markets Department of the Federation of German Industries.

Alexander Deubner is a Master student of Environmental Policy at Sciences Po Paris. He graduated 2013 at the French-German Campus of Sciences Po Paris in Nancy.

Moreover, Alexander has also worked as a volunteer at the Alt-Moabit (Berlin) emergency shelter for refugees. In his spare time, Alexander likes to play Tennis.
