At the Institute for European Studies of the University of British Columbia in Vancouver, Michael Mehling of the Ecologic Institute joined a panel on “Post- Kyoto Strategies Compared: European and North American Pathways to Low Carbon Market Economies” held on 30 and 31 October 2009. Participants analyzed the emergence of particular shapes and designs of Post-Kyoto strategies on both sides of the Atlantic, and the Ecologic Institute contributed a unique transatlantic perspective to the comparative discussion.
