RADOST Tour 2012: Baltic Sea Coast 2100 - on the road to regional climate change adaptation

[1][RADOST goes on tour!](#) [1]

Under the title “Baltic Sea Coast 2100 - On the way to regional climate adaptation,” project staff and network partners of RADOST will spend 10 to 20 September 2012 presenting and discussing recent research findings about regional climate adaptation in various stations throughout Schleswig-Holstein and Mecklenburg-Western Pomerania.
