

# CIRCULAR IMPACTS

## Car sharing in Germany

### A Circular Impacts case study & workshop

8<sup>th</sup> March 2018, 10:00am – 14:30 pm

Ecologic Institute  
Pfalzburger Strasse 43/44  
10717 Berlin  
Germany

This workshop will discuss expected developments for car sharing in Germany along with potential economic, social and environmental impacts. The expert participants will have the opportunity to exchange views and recent knowledge regarding the sector. Preliminary results from a case study on car sharing will also be shared, as part of CIRCULAR IMPACTS.

The workshop is organized within the project [CIRCULAR IMPACTS](#), which is carrying out an assessment of the economic, social and environmental and impacts of a successful transition to a circular economy. Transportation and mobility will be of defining importance to this transition. The project supports the European Commission in its discussions with the Member States in accelerating the circular economy transition.
